

## New Commissioners

**BILL BELL**  
Sophomore Representative

**MARGE MATHERS**  
Social Activities

**BILL BINSACCA**  
Finance

**GEORGE JACKSON**  
Public Relations

Four new names appear on the roster of the Hartnell student body commission. The four offices in which replacements have been made are commissioner of public relations, commissioner of finance, sophomore representative, and commissioner of social activities.

The office of commissioner of finance has been taken over by Bill Binsacca. He is replacing Bob Foster who is now in the navy. Jim Conrado returned to duty in the Marines leaving the post of commissioner of public relations open for George Jackson.

Al Helms was recalled by the navy leaving vacant the office of sophomore representative. The vacancy has been filled by Bill Bell. The new commissioner of social activities is Marjorie Mathers. Marjorie replaced Larry Dimmick, who has taken full-time employment.

## Bill Bell Named Homecoming Coordinator

Bill Bell was named to act as co-ordinator of Homecoming activities at the regular commission meeting held last Tuesday. He will be in charge of all planning and the execution of the plans for the annual event, to be held on October 28 this year.

Named to aid Bell as a committee were Barbara Johnson, Bill Temple, and George Jackson. They will help decide dates and other matters relative to the Homecoming. This committee will work with the Interclub Council and Alumni Association in the planning of Homecoming.

Announcement was made that the freshman class will hold two elections during the school year for the election of officers, one during each semester. In addition to this change, it was stated that all candidates for office will be required to make a campaign speech before the class to give members a chance to become acquainted with the candidates.

The newly purchased station wagon has been lettered by a local signpainter, Ray King. Lettering consists of Hartnell College and the

Panthers on the front doors of the station wagon. The commission decided to purchase a baggage rack for the station wagon which will cost \$70.

President Burton read a letter from Al Helms, who was called to duty in the navy before he could occupy his position as sophomore representative, in which he tendered his resignation. He expressed regret that he would not be able to serve but wished success to the group.

Vice-president Ken Yoder was named to set up the supreme court.

Bell told of the Interclub Council meeting held earlier this week in which Homecoming Day was discussed by club representatives present. Dates were set for queen nominations and float entries. Clubs will send representatives to the meeting on Friday to discuss the theme for Homecoming.

Discussion of the student government conferences scheduled for the near future was held, but no definite action was taken concerning representatives to the meetings. Men's representative was in-

structed to investigate the point system for athletics. Jackson and Temple are to find out the feasibility of individual announcement of players at the season's games.

## Hartnell Scores High In California Test

Hartnell College scored high at the recent University of California's College of Engineering examination. With a score of 50 as average three former Hartnell students received scores in the 90's: Robert E. Jones had 93, Vernal E. Knight 95, and Herbert O. Lewis held top score with a 96.

These results show a continued promising trend of the high scholastic ability being produced at Hartnell, President J. B. Lemos said.

## Mr. King Appointed To Comptroller Post

Mr. Samuel King has been appointed comptroller of the Hartnell College, Salinas Union High School, and the Salinas City districts. His new offices are now in

## Enrollment Reaches 746 Here

### Whiskerino Plans Announced; Field Day October 11

Hartnell's annual Whiskerino and Ribbonero got under way Monday, September 11, and will continue until October 11 when it will be climaxed by Field Day. Field Day will feature sporting events to be participated in by both men and women.

Special feature of the field events is the annual mud brawl between sophomore and freshman classes. The day is to be climaxed by a gigantic chicken dinner which is followed by dancing until 9 p.m. The judging of the whiskers and ribbons will be held following the dinner.

The official Men's Club dance will be held the following Saturday, October 14, in the men's gym. It is to follow the Stockton game, and will last till 1 a.m.

## ATTENTION!

Today at 11 a.m. there will be a general assembly. All freshmen will report to the men's gym for nomination of officers, and all sophomores will meet in the Little Theater. Following the two meetings, clubs will hold meetings to which all students, old and new, are invited.

### Total Figure Is Above 1949 Mark

Some 746 students are enrolled at Hartnell College for the fall semester, according to figures released recently by Hartnell College President John B. Lemos. This figure represents an increase of 28 students over registration at the same time last year.

Further breakdown of the figures shows that there are 460 men and 286 women. According to classes, there are 385 freshmen, 325 sophomores, and 36 special students. There are 405 students attending from the Hartnell College District while 341 come from outside of the district.

Watsonville leads outside areas with 136 and Santa Cruz has 81. Other cities sending students are as follows:

Gilroy, 26; San Martin, 3; Morgan Hill, 9; Soledad, 17; Gonzales, 8; King City, 11; Greenfield, 7; San Lucas, 1; Pacific Grove area (including Carmel, Monterey, and Pacific Grove), 17; Hollister and San Juan, 5; from other parts of California, 5; from other states, 6; and from Hawaii, 9.

The small figure for Hawaii does not include several students who attended Hartnell College last year and are now giving their address as Salinas.

## Army Announces Enlistments of Former Students

Salinas' United States Recruiting Office reports the enlistment of several ex-Hartnell men into the U.S. Army Air Force. These men have been sent to Fresno for processing, and then they will be forwarded to the Lockland Air Base at San Antonio, Texas, for training.

The list included: Earl L. Dillingham, Jack Potroff, Frank L. Martin, Laurence L. Frudden, Andy C. Nicolaw, Robert W. Moore, James Gary Robinson, Byron T. Whitworth, and Gary A. Thies.

The recruiting office announced that Capt. Ward Fowler, project officer of the aviation cadets and the officers' candidate school, United States Army Air Force, will be in Salinas September 26, between 8:30 a.m. and 4:30 p.m. Captain Fowler will administer tests and interview all men who are interested who are between the ages of 20 and 26½.

the district offices on the campus. Mr. King was an instructor with the commercial department.

### Rally Committee Schedules Dance, Rally Next Week

Next Friday is the day set for the big annual bonfire dance and rally. The rally will precede the first football game of the season with Taft Junior College. The purpose of the bonfire is to bring out the hidden spirit that lies within the Hartnell students.

New yell leaders will be given a chance to show their stuff by leading the traditional songs and yells. Also the coaches will talk to the enthusiastic students.

The traditional Rally Club dance will be held in the men's gym following the football game. The band that has been chosen for the dance is the Pippinairs.

The dance committee headed by Robin Lowry has been hard at work trying to make plans for an evening of fun.

Don Schrupp, commissioner of rallies and assemblies, says, "All students of Hartnell should plan to attend the rally, game and dance. The enthusiasm of the crowd will help make the team win."

## Interclub Council Sets Homecoming Dates for Clubs

Interclub Council held its first meeting last Monday. Temporary officers were elected to preside over the council until all the clubs were able to organize and send representatives. George Jackson was elected temporary president, and Phyllis Butters was chosen to fulfill the secretary's job.

Business discussed at the meeting concerned the annual Homecoming Day parade and queen election. The final date for clubs to submit candidates for the queen selection was set for October 13. The deadline for entrance in the parade of floats by the clubs and classes is October 20.

All clubs will meet today following the class meetings at 11 o'clock. They should all plan to discuss a theme for the parade and also the construction of a float. The freshmen will meet in the men's gym at 11, and the sophomores will meet in the Little Theater at the same time.

The class meetings will be dispersed at 11:30 to allow the various clubs to meet. All clubs should be sure to appoint an Interclub Council representative. The council will meet with the advisor, Mr. (Continued on Page 3)

## Low Patterson Wins \$100 Award In Photo Contest

LEW PATTERSON

Lew Patterson, veteran photographer for La Reata, won a \$100 award from the Westinghouse Electric Corporation, Photoflash Division, for a picture he took last

## Assistant Yell Leaders Named By Paul Friebe

There have been many tryouts for assistant yell leaders but Head Yell Leader Paul Friebe has sorted out all but two girls for the job. The two girls selected are Dorothy Smith and Lucy Papac.

Miss Smith hasn't had any yell leading experience but is a good prospect, according to Friebe. She has been working out this past week and has the yells down pat.

Miss Papac was head yell leader at Morgan Hill High School in 1948.

There is a \$40 budget which Friebe and his assistants have to go by. Working alongside of Friebe and his assistants will be the Oski of Hartnell—he, or she, is known as

spring.

The picture consisted of a cat smelling a figurine of a skunk.

Besides taking pictures for La Reata, Patterson is also a member of the Salinas Camera Club.

Last year Patterson was a photographer for the Panther Sentinel and for the yearbook, La Reata.

## Budget Adoption Decides Money Matters for Year

Little or no attention was paid to the adoption of the 1950-51 budgets by the student commission on September 8. Even so, this move was very important to all of the many activities and organizations receiving student body aid.

The present budget was adopted by last year's commission last June after it was submitted to a committee. In the budgets are estimated income from all sources and probable expenditures during the year for student body activities.

Although it took quite a bit of book balancing, the estimated expenditures for the year have been balanced to equal the income. Both figures are \$22,752.00.

This year about two thirds of the income will come from football receipts and student body dues. They will be expected to produce \$7,809 and \$7,983, respectively. The third largest source of income will be \$2,500 from the student store.

Although football is one of the two large incomes, it is the biggest expenditure at \$5,500, but football will realize a profit of \$2,309. Both college publications are expected to cost plenty this year, with La Reata needing \$2,700 and Panther Sentinel \$2,100.

Most of the above figures are in the thousands of dollars, but the budget is much more than expenditures and incomes of that size. For example, \$35 is allowed for the washing machine, debating, and speech calls for \$40 as does the Associated Student Conference. Track is expected to have an income of \$60, although it will cost \$660, so it's quite a matter of give-and-take to make things come out even all the way around, commissioners say.

Tabby the Cat and is the mascot.

Friebe has been working out some new yells. The yells that will be used this year are going to be mimeographed and handed out to the students before the first game.

## Five Instructors Added to Faculty This Semester

Five new instructors were added to the faculty during the past summer. They started their duties this September. The departments to which instructors were added are as follows: music, commerce, social science, home economics, and physical education.

Mr. Vahe Aslanian is replacing Miss Stewart. He is taking over the vocal and piano classes. Mr. Aslanian got his M.A. degree at Claremont College. He is married and has two children. He is from the San Bernardino school system.

Mr. James J. Stark is taking over part of Mr. Samuel King's classes. He received his M.A. degree at the University of Southern California. Mr. Stark is married and has two children. He was a teaching assistant at U.S.C. last year.

Mr. Robert Johnston is teaching in the social science department. He received his M.A. degree at Claremont College. Mr. Johnston is married and has two children. He is from the Santa Rosa school system.

Miss Winifred Miller is going to teach in the home economics department and is going to assist in teaching in the women's gym classes. Miss Miller got her B.S. degree from Oregon State College.

Mrs. William Bullis is a half-time instructor this semester and she is taking over some of Mr. King's classes. She is the wife of Mr. Bullis who is an engineering instructor here at Hartnell.

## More Majorettes!

What every band needs is drum majorettes to add glamour. Although Hartnell has some lovely majorettes the band is still in need of more girls. At present there are four, Lois Walsh, Bonnie Pilliar, Pat Lewis, and Mildred Gelzinnis.

So all you strutting, twirling

## AS WE SEE IT

By GEORGE JACKSON

When the present school year opened and various groups began making plans for fall activities, one great flaw in their plans stood out like the proverbial sore thumb: clubs and organizations were severely handicapped by lack of planning activities before the college closes in June.

It is customary for groups to elect many of their officers before school closes for summer vacation, so it is not the lack of leadership which prevents the early planning. Probably the biggest reason for the lack of early planning is that not enough foresight is shown in the preparation of activities.

Naturally, it is impossible for a group to plan all final details of an event to take place ten weeks later, but such things as establishment of general themes and times can be worked out long in advance of the occasion, and this preparation would make it possible to begin work on final details when school begins.

For example of this advance preparation one need only look at the schedule of football games. The schedule which the Panthers will follow this season was released back last spring. Groups which depend on the games to help their activities could easily plan a schedule which could parallel the grid program.

It was most gratifying for the student leaders who worked so hard on last Friday's Freshman Reception to see the fine turnout on the part of students and their guests. If the first activity can be indication of the year to follow, the school year 1950-51 should be one of the banner years for Hartnell College.

It might be a good idea to point out at this time that all activities sponsored by the student body are supported by each and every student when he purchases his student body card. It is up to the individual student to make the best of this investment by attending athletic events, social activities and assemblies during the school year.

While speaking of investments, one can hardly ignore the newly-purchased student body station wagon, which was delivered last week. The trim, green Chevrolet was purchased by the student body and will be used to provide transportation for athletic teams, delegations, or other official business.

It will be the term, "official business," which will cause the headaches for the group governing the use of the vehicle. Regardless of how good a thing is, its value can soon be destroyed by taking advantage of the same value.

There is no doubt that the station wagon is a good thing and will prove to be a wise investment very soon. However, unless its use is properly controlled and regulated, its worth will soon be lost because of the poor features it would inevitably gain.

girls come on out and lead the band. Let's put Hartnell on top with glamour.

## Father Deegan Speaks at First Newman Meeting

With organization as their main objective, the members of the Hartnell Newman Club held their first meeting of the school year at noon September 13. Among important business on their agenda was the planning of a communion practice and picnic at Bolado Park this Sunday, September 24.

Along the organizational line, President Don Stoffey explained aims and purposes of the group and introduced new officers. Michael McCann was elected to fill the treasurer's post left vacant by Charles Strunk, who has left Hartnell.

Father Patrick Deegan gave a brief welcoming address after which the members discussed the social year and came up with tentative plans for a dance after the Modesto game as well as definite plans for the Bolado Park affair.

Program, library, alumni, and publicity committees were appointed.

Publicity Chairman Nancy Bardin said it is not necessary to be a Catholic to attend Newman Club meetings. Anyone is invited to attend both the event on Sunday and to join the club.

The Newmans are beginning the year with a drive to raise their membership by interesting students

## Student Drama Season Tickets to Be Sold

Mr. Hal Ulrici, instructor of dramatics, has just announced that for the first time, student season tickets will be sold for the department's presentations. Season tickets for the five performances will sell for \$2, tax included.

Plays to be produced this year include "The Heiress," "The Life of Christ," "Foolish Notion," "Media," and "Alice Sit by the Fire."

## Burton, Yoder Both Return As Husbands

Student Body President Bob Burton and Vice-President Ken Yoder both made trips to the altar during the summer vacation.

While in the Marines Bob was stationed in Mississippi where he met a Mississippi belle, Bea Borgagnelli. This summer Bob went back to Mississippi to marry his fiancée.

Ken Yoder returned from his summer vacation to announce that he had married a former Hartnell student, Barbara Thorne

## INTERCLUB . . . .

(Continued From Page 1)

Harold Ulrici, in the Little Theater at 12:30 today to determine the parade theme and elect permanent officers.

in their group through social events.

Officers not already mentioned are Dick Kampa, vice-president; and Helen Wolber, secretary. Pete Fosselman is chairman of the program committee; and other committee members and their respective committees are Jo Anne Valine, Catherine Russo, and Ken Hartnell, library; Elaine Lowry, Mike McCann, Jerry McCab and Nancy Bardin, alumni; and Charles O'Neil, Mike McCann, and Dee Fosselman, publicity.

## Music, Dramatic Departments Call For More Help

Help wanted! That's right, there are a lot of openings for ambitious college students right here on campus.

Where?

First, Mr. Lorell McCann needs musicians for both the band and orchestra. You heard the band at the assembly last Friday, and, while they are good now, with help they will be even better. Last year the band was rated among the top marching junior college bands in Northern California.

The orchestra is an active group all year round, taking part in many outside activities. Mr. McCann will provide instruments to capable people.

Second, Mr. Harold Ulrici is asking for interested people for backstage work on "The Heiress" and other productions to come. People interested should see him.

Last, Mr. Vahe Aslanian wants students who like to sing to join the glee clubs and choir. Women's glee meets Tuesday and Thursday at 11 a.m., men's glee meets Tuesday and Thursday at 1 p.m., and mixed choir meets Monday, Wednesday, and Friday at 1 p.m.

It isn't too late to sign into any of these courses. See your advisor about it today.

## Art Club to Visit S.F. Museum

The Art Club's first activity of the fall semester is a trip to San Francisco to the DeYoung Museum. There the members will view the famous Hapsburg collection, which includes many originals of the famous masters, plus many tapestries and armor.

## CAMPUSOLOGY

By ELMER ANDERSON

Ralph Hitchcock was followed down the mighty halls of Hartnell by little Shelley Wilson, who is Coach Elliott "Big Ab" Wilson's daughter. Ralph, also known as "Obnoxious" Hitchcock, got the bright idea to walk through the library. Little Shelley just followed him right on into the library.

Under ordinary circumstances that would have been all right, but the circumstances weren't ordinary. Shelley was dragging a toy behind her, and on the toy was a bell.

"Obnoxious" thought it was a big joke, but the librarian didn't. Little Shelley had to go back down to the main office and wait for her daddy.

Golden State must really be working their employees hard. The reason for the above statement is that Alumnus Dick Brown was seen hobbling around the campus this week.

When asked what happened to his foot he said that he just got too tired and dropped two cases of milk on it. Of course one or the other had to give and it just turned out that Dick's foot did.

Five girls who work at the Fox Theater in Salinas were walking around the halls last Tuesday morning looking very tired but their eyes had a dazzling brilliance.

The night before Gloria Modolo, Ida Garcia, Sylvia Moran, Nadine Nucci, and Martha Graves got all dressed up and took a trip to San Jose to see NONE other than Billy Eckstein.

Big Bill Bell pulled a bright move the other day. It was the first Monday of classes and Bill rushed into the classroom.

Bill started right off taking notes. About the middle of the period Doctor Borough asked him if he called his name. Bill said that he didn't, so Doctor Borough signed him up.

When the period was over, Bill, who was pooped from writing notes, realized that instead of being in a history class that period he should have been in physics.

Nice going, Bill!

## Football Turnout Good; Taft Opener

Early season reports show a large turnout for the gridiron sport at Hartnell. Many returning Panther lettermen's names appear on this year's roster, including four all-conference men: Quarterback Bob Swan, Tackle Bill Maguire, Center Bob Burton, and Fullback Jim Miyasato.

The team has been working hard under the direction of Coach Ab Wilson and is slowly working into shape. Coach Wilson is being assisted by ex-Panther gridders, Bill Whited, and Henry Franci.

Only serious preseason injury to date has been Ray Hanley who sustained several fractured ribs in early scrimmage. The team has been scrimmaging the past two weeks and is now working out the kinks in preparation for their meeting with Taft next week.

It looks like the field-general work and passing will be shared by Bob Swan and John Gerard. Running backs who have shown merit thus far are Frank Ryder, Ev Skrine, and Frankie Paz. Chuck Jackson has done a lot of pass receiving from the end position.

The timing and team precision are as yet not up to the standard desired. The Taft game should give the Panthers a good warmup for the season. They are a fast, rough team and will require a faster, rougher team to beat them.

This year's schedule features six home games against three out of town. The annual Homecoming game will be held October 28, and will pit Hartnell against their traditional rival for "Ye Olde Gobboon," a perpetual game trophy. The final game of the season, the Monterey game, will be held at the local stadium on Thanksgiving Day.

BILL WHITED

### KDON TO BROADCAST GAMES

This season's football games are to be broadcast over station KDON. Both home and out-of-town games will be broadcast. Sponsors for the program are to be Wickenden's, The Sportsman, Pedrazzi Motor Company, and the Associated Chemical Company.

## Regli Announces New Intramural Sports Program

Intramural sports plans were announced this week by Coach Jess Regli. The various games that will be played in the intramural league are table tennis (ping-pong), volleyball, basketball, and softball.

Medals will be given to the students in the first three places. The first place medal is gold; the second place medal is silver; and the third place medal is bronze.

Coach Regli stated that so far there were only two students signed up for table tennis. He would like to see more students sign up.

Today is the day for signing up your volleyball teams. Medals will be given to the teams in the top two brackets. There are eight gold first place medals and there are eight bronze second place medals.

The teams can have eight players but only six are allowed to play at one time.

Basketball is run on the same schedule as volleyball. The medals for first and second place are gold and bronze, respectively. There will be eight medals for the winning two teams. The teams will consist of five players with three substitutes.

There will be ten medals for softball. The two top teams will receive gold and bronze medals.

The intramural league will be run differently this year. After the regular season has been completed the three top teams will play a round robin. The two top teams from the round robin will play three more games. The team that wins two out of three of the games will win the first place medals and the loser will win the second place medals.

## Whited, Franci Assist Wilson

Two local men, Bill Whited and Henry Franci, have been named to assist Coach Elliott Wilson with the Panther football squad. Both men have had experience as players and are assisting Wilson with the line.

Franci played football at St. Mary's in 1940 and 1941, then was with St. Mary's Preflight during the war and played service ball. Whited completed two years at Hartnell last year. He was named to all-N.C.J.C.C. teams and was given mention on at least one all-American team.

## Baseball Gets Rolling Regli Announces

Some of the Hartnell diamond men have started working out already this year. So far the workouts, which are under the direction of Coach Jess Regli, have been light.

The returning veterans of last year are: pitchers, Chuck Jackson and Al Navaroli; catcher, Dale Swire; and infielders, Lou Folleta, first base; Frank Paz, third base; and Bob Swan, shortstop.

These men are expected to be joined by high school graduates who played some ball last year and others who share the talent of baseball.

## Basketball Begins With Big Turnout

Coach Ed Adams has his work cut out for him in handling this year's basketball turnout. Practice has started and will be held Monday, Wednesday, and Friday until November when full practice will begin. About 25 men have turned out already, and more may show up later.

Men returning from last year's team include Fred Willson, all-conference center; Johnny Wong, Roy Pellascio, Glen Albaugh, Jim Tanahill, and Bill Bell. Many new boys will be competing along with

these returning players for the spots on the team this year.

The basketball team will be under the jurisdiction of the new Coast Conference. The schedule of league opponents lists Fresno J.C., Menlo, Mount Diablo, Santa Rosa, and Monterey. Also included in the schedule will be the annual Modesto tournament in January. Coach Adams announced a possible tournament to be held in Salinas during Christmas vacation.

League play opens following the Modesto tournament in January.
